

Information Technology Year 10

Term 1	Term 2	Term 3
<p>IT in the Digital world: Design tools, Human Computer Interface.</p>	<p>Coursework preparation: R060 Data manipulation using spreadsheets: Planning and designing the spreadsheet solution</p> <p>Creating the spreadsheet solution</p>	<p>IT in the Digital world: Data and Testing, Cyber security.</p>
<p>Coursework preparation: R060 Data manipulation using spreadsheets: Planning and designing the spreadsheet solution</p> <p>Creating the spreadsheet solution</p>	<p>Coursework preparation: R060 Data manipulation using spreadsheets: Planning and designing the spreadsheet solution</p> <p>Creating the spreadsheet solution</p>	<p>Coursework preparation: R070: Augmented Reality (AR)</p> <p>Designing an Augmented Reality (AR) model prototype</p> <p>Creating an Augmented Reality (AR) model prototype</p> <p>Testing and reviewing.</p>

Assessment		
Controlled assessment preparation	Controlled assessment	Controlled assessment preparation
Theory exam		Theory exam
Internal assessment		Internal assessment

Information Technology Year 11 (2022-23)

Term 1	Term 2	Term 3
Controlled assessment: task 1 – task 3 Initiation and planning. Data manipulation and presentation. Iterative reviews.	Consolidation of learning: LO1 & LO3 Understand the tools and techniques that can be used to initiate and plan solutions. Understand how data and information can be collected, stored and used.	Consolidation of learning and preparation for examination.
Controlled assessment: task 4 – task 7. Data manipulation and presentation. Final evaluation.	Consolidation of learning: LO4 & LO6: Understand the factors to be considered when collecting and processing data and storing data/information. Understand the different methods of processing data and presenting information.	

Assessment

Controlled assessment R013

Exam preparation R012

Exam preparation R012

Information Technology Year 11 (2023-24)

Term 1	Term 2	Term 3
<p>Controlled assessment: R070: Augmented Reality (AR)</p> <p>Designing an Augmented Reality (AR) model prototype</p> <p>Creating an Augmented Reality (AR) model prototype</p> <p>Testing and reviewing.</p>	<p>IT in the Digital World: Cyber security, Digital Communications, Internet of everything.</p>	<p>Consolidation of learning and preparation for Examination.</p>
<p>Controlled assessment: R070: Augmented Reality (AR)</p> <p>Designing an Augmented Reality (AR) model prototype</p> <p>Creating an Augmented Reality (AR) model prototype</p> <p>Testing and reviewing.</p>	<p>Consolidation of learning and preparation for Examination.</p>
